## **HB 4131**

### **Relating to mobile pharmacies**

To: Ways and Means Full Committee  
From: Education Subcommittee

HB 4131 requires the Oregon Board of Pharmacy to issue licenses to mobile pharmacy operators.

The measure specifies eligibility requirements for licensure, as well as minimum standards and prohibitions for mobile operators, and it permits the board to establish a licensure fee for mobile pharmacies by rule.

The Oregon Board of Pharmacy will need to conduct rulemaking for this new license type. The board may need to return to the Legislature with a request for additional position authority for the 2027-29 biennium, based on the rules that are developed around mobile pharmacy inspections and licensing. This rulemaking will drive the actual workload related to regulating mobile pharmacies.

The Education Subcommittee recommends HB 4131 be reported out do pass.
