HB4145

This bill punishes law abiding citizens. Criminals do not apply for guns like law abiding citizens. They obtain firearms and weapons illegally. These proposed actions in this bill and any gun control bill, do nothing to stop criminals/ bad guys. Wasting tax payer money for myself to exercise my constitutional rights? How is that fair? Let's raise punishment on crimes. When I was a child, my grandfather would tell me not to do something. If I did it, I got in trouble. When penalties are not severe enough, they will keep on doing what they will be doing. I'm not sure what the way is, but gun control and making law abiding citizens criminals for things they have always had is the stupidest thing ever. Please do not let this move forward as it is a huge waste of time and money, that our state needs to focus on other issues.
