

Submitter: Hillary and Charles Kittleson

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4088

We are writing to urge the committee to support this bill. Our support is based on personal experience: we have a family member who has received gender affirming care and is thriving because of it. Because of threat at the federal level, increased protection for this type of care is vital, including privacy and provider protection.

Please listen to the Oregon Medical Association, the Oregon Nurses Association and many other good government organizations and support this life saving bill.
