

Submitter: HB4088 Jessup

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB4088

Dear Representatives of the Judiciary Committee,

Thank you for your service.

I urge you to vote yes on HB4088. At this time in our country's difficult history, it is imperative we protect healthcare patient and provider privacy from the invasive and dangerous tactics of the Federal government. We also need to protect gender-affirming care and the privacy of people who are transitioning genders.

Thank you for your consideration,

Denise Jessup, retired and formerly licensed Marriage and Family Therapist
