

Submitter:

Matt Thomas

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

As a law abiding oregonian, I oppose ANY and ALL proposed changes and or additional "laws". "Requirements " "permits ". Etc. As the ones we have are just fine for regular people that follow the rules. The criminals do not follow the rules, YOU should already know this. Thanks for pretending to listen or care. Since apparently you think you need to make some stupid changes to keep your supporters and your position.
