

Submitter:

David Gray

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

This measure is simply a rework of Measure 114 which is now pending an Oregon Supreme Court Ruling.

Any permit to exercise right is a violation of 18 USC sections 251 and 242 as well as being a violation of Marbury v Madison.

The Second Amendment of the US Constitution clearly states We The People have an inalienable right to keep, possess, and cary Arms (firearms, edged weapons, impact weapons).

It is of no consequence that technology has changed as the Amendment was written to ensure our self defense and defense from tyrannical governance.

The Bill of Rights limits the government's authority and not the people's rights.
