

Submitter: Tressa Allen  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB4145

I oppose of HB 4145. As a mother, woman and a good hard working citizen of Oregon, born and raised.

I oppose of HB 4145. It goes against my constitution rights to bare arms and my rights to protect my family and this includes others around me. I have and continue to be lawful gun owner, teach my own children the exact same responsibility. Requiring me to purchase a permit when I have had and continued to always practice safety is an drastic outreach. To wait 60 days for a permit is absolutely observed when you can get a driver's license or a permit for building on your own property faster than the 60 days. Charging me \$150 for a "permit" to purchase a firearm is breaking the bank. Oregon is already one of the highest states that taxes it's people. I do and stand with my Constitutional Rights of bearing arms and being a model citizen. This is punishment and only punishment for the law abiding gun owners. This will not stop or decrease any gun violence because CRIMINALS do one thing. BREAK THE LAW.

There is no gray area. Only right and wrong.

I oppose HB 4145
