I appose HB4145, this is a unconstitutional bill that the people of Oregon do not want. We are tired of all these unconstitutional bills being thrown in and the constant grab at our 2nd amendment rights. This bill will close the doors of many FFL's and leave the people defenseless against the criminals our city and state leaders have failed to prosecute for thier crimes. Oregon is safer with less gun control laws. Hb4145 also delays our freedoms and inevitably makes it so the lower class cant afford to excersize thier 2nd amendment rights.
