

Submitter:

Scott Harrell

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

The US constitution gives us the right to keep and bear arms. Requiring a license to buy firearms is against everything this free country stands for. When you remove all firearms from people who are criminals or disallowed by law to have them it should be where your intentions should go first.

Leave law abiding Oregonians alone! We are not the problem.
