HB4145

I, Ryan Lande, am in opposition of HB 4145. HB 4145, through increased permit fees, will make citizens of Oregon unable to afford the permit to purchase and firearm. Making obtaining a firearm for any reason based off of one's financial situation is morally wrong. I am also in opposition pertaining to the portion where opposition can only be heard in a Marion county court. Any county or court in Oregon should be able to challenge laws. Oregon is a very diverse state and to only allow one county to preside over legal challenges when Oregon has 36 counties is a blatant disregard of the legal system and is an attempt to silence opposition. Thank you for your time
