Measure, Appointment or Topic:

HB4145

I oppose of HB4145 as it goes directly against the 2nd amendment and the Oregon constitution. Measure 114 was ruled as unconstitutional by an Oregon Judge so the fact that this is being re visited again, shouldn't even be a question and a waste of taxpayer dollars. We have a lot more problems to focus on in oregon that my tax dollars can be spent on. Permits to purchase also puts a timeframe and financial burden on gun owners to purchase firearms which directly limits our rights to purchase firearms.
