Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB4145

ever since the passing of measure 114, there are multiple 2nd amendment violations.

#1. making an individual have a "permit" for an amendment. no other amendment do you need a permit for anything. you need a permit for privileges not RIGHTS.

#2. multiple federal judges have strucken down on a magazine capacity as "unconstitutional." passing this would continue to be unconstitutional.

above mentioned is just the violation in this measure.

not even taking into consideration the state of Oregon. 29 out of 36 counties opposed measure 114. passing this would cripple some of those counties where making the permit mandatory would pull from patrols on the streets where they are need to patrol an not conduct a permit.

this law makes it difficult for law abiding citizens to purchase firearms. criminal do not care about what your passing they are still going to continue their criminal activitys.

please take what I mentioned into consideration, I have been a Correctional Officer for the state of California for the last 9 years where one of the most secured place should be prison yet the criminals still are able to commit crimes. all this law is doing is punishing law abiding citizens.
