Measure, Appointment or Topic:

HB4145

Measure 114 is unconstitutional. HB 4145 is only and slightly modified version of Measure 114 since it has been held up in court. So that makes HB 4145 unconstitutional. People already have to do a background check to purchase a firearm and to be approved. If they should not be able to own a gun then Oregon State police should not approve them for the purchase of the firearm.
