HB4145

This is just another attempt to disarm Oregonians which is has already been deemed as unconstitutional in both the Oregon Constitution and the United States Constitution. The words may be slightly changed but the intent and the horrible waste of defending it financially with our hard earned tax dollars. Especially when there are are so many things Oregonians need much worse. I'm 88 years old and the proponents of this bill and bills like it are trying to waste the hours I have left to enjoy my target shooting by throwing roadblocks in my way to enjoy my constitutional rights. I've been shooting, hunting, and protecting myself and my family with a firearm since I was 11 years old when my parents bought me my first 22 rifle. We went to the local National Guard Armory weekly where we were taught to shoot safely and improve our skills. It was free except for paying 25 cents for a box of ammo each week.

Instead of trying to punish us law abiding citizens, maybe you would do better by punishing the lawless, Teach people to obey the law rather than wasting time and money on laws that punish law abiding citizens.
