HB4145

I am strongly opposed to this bill. As a woman, I view firearms as an equalizer, so I'd be better equipped to defend myself against any would be attackers. Requiring a permit to exercise a right is wrong in the first place and jacking up prices and possibly wait times just adds insult to injury. Also, there's no reason a police officer (retired or otherwise) should have more rights than me. Vote NO on HB 4145.
