Measure, Appointment or Topic: HB4145

Dear Committee Members,

I strongly oppose HB 4145. It's unconstitutional, unnecessary, and nothing but a civilian disarmament scheme in disguise.

I am very disappointed to see this ongoing assault on 2nd Amendment Rights against law abiding citizens of Oregon. Focus on the criminals that misuse firearms, not on creating unnecessary laws that turn good citizens of Oregon into criminals for safely enjoying and using their firearms for lawful purposes.

Respectfully,
