HB4125

We oppose this end around attempt to deny the return of taxes to Oregonians. This is the very reason it was recorded in the constitution of the state back in the 1970's. All it does is call for accountability within the guardrails that are set up for budgeting. Do a better job of accounting and future forecasting before just taking more monies out of the fund. Do not reward poor performance of the State managers,

Sincerely Richard and Linda Ackerman
