Measure, Appointment or Topic: HB4145

The powers to be in Oregon, including Portland PD, legislators/ lawmakers and other local leadership, have proven to be either incompetent, complicit or indifferent in regards defending the people of this state. To that end, it's irresponsible, reckless and cowardly to make us jump through yet another hoop to allow us the "privilege" to do so ourselves. We STRONGLY oppose this measure and anything else that empowers a police state to give us an arbitrary reason to not allow us to arm ourselves.
