

Submitter:

Jeffrey Bailey

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

HB4145 is an absurd law that only seeks to make criminals out of law abiding people. It will have zero effect on decreasing actual violence perpetrated by actual criminals. Further, it is yet another granting of rights to the gov't class but not to the tax payers (retired LEO are permitted, for some unexplained reason, to carry 10+ rnd magazines).
