

Submitter: William Burt  
On Behalf Of:  
Committee: House Committee On Health Care  
Measure, Appointment or Topic: HB4127  
To the Committee:

The language in this bill repeatedly parrots the tired euphemism, "reproductive health care providers"—in other words, Planned Parenthood. And let's be clear: abortion is NOT health care! It is MURDER! How can any procedure be considered health care when one of the two patients ALWAYS dies, and sometimes both??? Why should Oregonians be forced to prop up an organization whose sole purpose for existence is to kill human babies? Why? If these were panda babies being aborted or elephant babies or chimpanzee babies, there would be a public outcry. But illogically, when we kill babies of our own kind, it's considered "health care." It's not, and Planned Infanticide doesn't deserve Oregonians' hard-earned tax dollars.

Please do not pass this bill out of committee.

Thank you.

Sincerely,

William Burt
