HB4145

I as an Oregonian lifelong resident Oppose Measure 114 and HB 4145. It strongly Infringes on Legal Gun owning Oregonians rights to keep and bear arms. It will do absolutely nothing to keep firearms out of the hands of people who are set on illegally acquiring them as well as make thousands of Law abiding citizens Criminals under the Law. It will force Oregonian small business owners out of business harming families and our local economy. This Bill is Harmful and Destructive and it being used for political gain is disgusting. I fully oppose this and hope the right thing is done and this is shot down. Thank you, Garrett
