HB4145

I oppose HB 4145. It prices poor people, people of color, and immigrants from being able to afford the right of self protection, including from the federal government. All this bill will do is make it harder for them to purchase a firearm for protection. It's almost as if the writer of this bill doesn't want these people to be safe. Since this bill has exceptions for law enforcement, that also means that ANY government law enforcement will not be restricted, including ICE, FBI, DOJ, or The National Guard. I urge you to please vote no on this bill, it will only hurt immigrants as well as others.
