HB4145

Good Afternoon,

The provisions of HB 4145 are a direct violation of our 2nd amendment rights. No other right defined under our constitution requires Fees be paid, waiting periods or training before they can be exercised. More importantly these types of laws have been argued before the Supreme Court and have been ruled in violation of the bill of rights. Think along the lines of poll taxes and the ink tax issue.

Additionally, this bill will directly hurt the poor and vulnerable in our communities. There are people who need and deserve the right to defend themselves. But if they have to trade a right to put food on their child's plate you have created a gross violation of their rights.

A right delayed is a right denied. Please do not allow this bill to move forward.

Thank you,

Steve Eadie
