Measure, Appointment or Topic: HB4145

Legal firearms owners are not the ones creating problems in Oregon. Criminals are allowed free reign in Oregon and firearms owners are punished instead of holding criminals liable for their actions. There is only one reason a government would choose to resist restrict lawful gun ownership, and it's not "Safety".

If you go forward with this legislation you will get pushback. At some point democrat leadership will be thrown out of office for these unConstitutional edicts.
