

Submitter:

Ryan Fox

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I oppose HB4145. Now is not the time to give police and the government more say and more control over our second amendment rights. Later down the line I would love to do something to address mass shootings- specifically school shootings and will happily give up my arms if it means no more dead kids. But now is not the time to restrict our second amendment rights.
