To Whomever It May Concern,

Thank you for receiving my comments on HB 4134, a bill that will help protect and preserve all that keeps us healthy, alive, and thriving, including fish and wildlife populations, and a life that invites people to get outside.

Oregon has a list of over 300 vulnerable species that require intervention. HB 4134 invests in conserving and restoring the habitat these species rely upon, while also supporting Oregonians' livelihoods, outdoor recreation, and quality of life.

Communities in Oregon, especially our rural communities, rely on thriving, healthy environments that support our native wildlife.
