Topic:

Hi,

Agriculture is an important component of the Oregon economy and even though I am a city dweller, I absolutely love the fact that I can visit small farms within 30 minutes of my home. I do so often and am a big supporter of small family farms! But I know it's not easy for small family farms to survive, and so I applaud HB4153 and its support to protect farm stands, agritourism, and small farms modernizing outdated and unclear land-use law.

Thank you,
