HB4125

I am writing in opposition of measure 4125.

I'd like to start by saying there is absolutely zero need to take more money from tax payers. Every single budgetary issue this state faces is due to incompetence by our elected officials. Funding public schools is NOT a new task and it should never be an issue. This state should fund the essential needs like schools, roads, law enforcement, fire, and any other infrastructure needs BEFORE pet projects that are frankly not needed what so ever. It's time to take responsibility and change your ways. Do the right thing and prioritize the people of this state first and foremost. The well is dry and we are done doing this cycle of neglectful spending- raise taxes- campaign on funding essentials- neglectful spending- etc.
