Measure, Appointment or Topic:	HB4145

I oppose this unconstitutional bill. SHALL NOT BE INFRINGED!!! It is very simple leave our rights alone! HB 4145 will have zero impact on criminals who already ignore the laws, they will not apply for permits, or make sure their magazine capacity fits your regulations. This measure only burdens law-abiding Oregonians. We already have universal background checks, and protection orders. More redundancies will not protect anyone.
