Measure, Appointment or Topic:

HB4145

I oppose HB 4145. It is not necessary in the first place. We already have a background system in place. Criminals do not buy firearms at the store. They steal them or get them on the Black Market. The increase in the fee for the Unnecessary license will hit low-income people harder. In case you have not noticed, crime has gone down the last couple of years without implementation of Measure 114. There is no need to increase the time to issue the Unnecessary license either. Please do not advance HB 4145.
