Shalom legislators,

It's a federal crime to mutilate the body of a child and it is morally wrong to mutilate a child who is suffering from psychological and mental illnesses such as gender dysphoria, a serious mental health disorder according to the American and International Psychiatric associations who put together the DSM's 1-5. And let's not forget that science is fact just like biology is. It's also against God's law to harm children or cause them to stumble in His truth. And according to Genesis chapter 1 in the Bible, God created man and woman in His image, male and female created He THEM. God does not create mistakes, only humans in the wisdom of flesh and man do. God also says before He even crafts us together in the womb of a woman, that He knew us before He even created the Earth. To harm a child and try to change them from how God made them is disgusting and diabolical. So to is putting them to death when they are in utero. God said for those who would harm the children it's better that those offenders had never been born and that they are worthy of a death by drowning with a weight tied around their neck. Abortion and gender reassignment are legally, morally, and ethically wrong and everyone should keep this fact in mind, whether you believe in God or not, He created you and you will stand before Him one day in judgement, whether it be at the Bema seat or the great white throne judgment, we will all be judged for our actions.

Shalom,  
Chad Michelson
