HB4145

Thank you for the opportunity to testify today, regarding the modification of Measure 114. I oppose this and testified numerous times on Measure 114 in opposition as well. The Constitution states Right to Bear Arms: A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed. These modification's will challenge those rights, as well as make it much more difficult to get a permit, costing more money, and taking more time, in which case more lives will be threatened particularly those who are in fear of a domestic partner etc. I feel this is repeat but added to Measure 114 which is still tied up. I would ask you to vote no on HB 4145

Thank you, Candy
