What is this morbid obsession the Democrats have with "Guns"?

With the State financially insolvent due to 40 years of Democrat rule, nevertheless the first thing on their minds is to hold a hearing on Yet Another Gun Bill - and on just a few hours' notice, ostensibly in an effort to suppress debate.

We're not amused with the Democrats' antics, and we're well aware of their contempt for anyone expressing opinions which conflict with their totalitarian Socialist agenda.

Regarding the current misguided regulations, it's no coincidence that the coven of leftist billionaires who are pouring millions of dollars into seizing the people's firearms, are the same ones who financed the earlier Ballot Measure 110 legalizing hard drugs - which turned out to be so destructive that even the Democrat-controlled legislature was forced to rescind it.

Ballot Measure 114, with its "fellow traveler" HB 4145, deserve the same fate - and for the same reasons.
