HB4145

To whom it may concern;

I am writing to oppose the current legislation proposed in HB4145. A constitutional right should not require a permit to engage in. The Supreme Court for Oregon asked this most basic question. Now you are taking it upon yourself to push this matter despite the fact it may be unconstitutional. This can get expensive for Oregon in ongoing litigation related to this fact. In and of itself why is a permit needed when for a majority of the time Oregon has been a state none has been required yet issues did not exist due to it. The real issue is that those that don't follow the laws have been acting outside of the laws. No law will stop that! Don't restrict my freedom because of those that don't deserve freedom.

Additionally, declaring legislation is an emergency to override the will of the people is wrong. I know it is now standard procedure for the ruling class. I can only hope in the near future your ability to do so is taken away by the people! You have and continue to defy our trust in you!

Thanks, Brian Piki
