Measure, Appointment or Topic: HB4134

As an Oregon resident, I urge you to support the 1.25% for Wildlife bill (HB 4134) to help conserve Oregon's most vulnerable wildlife.

The Trump administration has gutted protections and many endangered species are being slaughtered and other species will become extinct if we do not act now! It is OUR DUTY as humans to protect all wildlife....this is one of the things we have left in our control in the total chaos and ugliness of the world. PLEASE make this happen.

Oregon's wildlife is deeply important to me and is one of our greatest assets—driving outdoor recreation, attracting visitors and supporting a thriving tourism economy across the state.

HB 4134 would fund practical, proven solutions to reduce wildlife conflicts and promote coexistence, benefiting communities and protecting the wildlife that makes this state so special for generations to come.

Thank you for your consideration to this. We Oregonians need to stand strong and proud of our love of nature and wildlife!!
