Taking away guns gives control to governments. The founders of this nation knew that regardless of the form of government, those in power may become corrupt and seek to rule as the British did by trying to disarm the populace of the colonies. It is not difficult to understand that a disarmed populace is a controlled populace. Thus, the second amendment was proudly and boldly included in the U.S. Constitution. It must be preserved at all costs. So the next time someone tries to tell you that gun control is about saving lives, look at these facts and remember these words from Noah Webster: "Before a standing army can rule, the people must be disarmed."
