

Submitter:

George Botkin

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4145

I'm post to this measure in any major like it than fringes on the rights of the citizens of Oregon and the United States. There are so many things in Oregon that you need to be worried about that can do good for all the people. These bills will not do anything but make criminals out of law abiding citizens. Go after the criminals.
