

Submitter: Meirav Cafri  
On Behalf Of:  
Committee: House Committee On Behavioral Health  
Measure, Appointment or Topic: HB4028

Chair and Members of the Committee,

My name is Meirav Cafri, and I am a licensed behavioral health provider and owner of a small private practice in Oregon. I am writing in support of HB 4028.

Behavioral health providers already face significant administrative demands, and insurance audits of claims can create additional strain—especially for solo and small group practices. Unclear or overly burdensome audit practices can lead to financial uncertainty and discourage clinicians from remaining in-network, reducing access to care for Oregonians.

HB 4028 provides important protections and clearer standards around claims audits, helping ensure fair processes while allowing providers to focus on delivering quality behavioral health treatment. I believe this bill would strengthen Oregon's behavioral health system and support providers in serving our communities.

Thank you for your consideration.

Sincerely,

Meirav Cafri, LPC, LCAT, ATR-BC
