HB4134

I am writing in support of HB 4134. An increase in the transient lodging tax would provide a necessary fund to protect our state's rich natural diversity and help at risk species and habitats. Our rivers, forests, and plant and animal species are part of what make Oregon a special place to live. By protecting this heritage, we also protect our tourism industry as many people visit Oregon because of its natural beauty. Our communities only benefit from protection like this. This is a smart economic investment in our communities. I urge you to support this legislation.

Sincerely,

Joe Coletto
