

**Re: HB 4022 – Support  
2026 Regular Session**

Chair and Members of the Committee,

My name is Breann Wright, and I am writing in strong support of HB 4022. I serve on the Jackson County Dolly Parton’s Imagination Library Steering Committee and have seen firsthand how thoughtful, collaborative policy at the state level can meaningfully support local communities.

HB 4022 represents a practical and forward-thinking approach that aligns well with the needs we are identifying at the county level. The bill encourages coordination, accountability, and long-term sustainability—elements that are critical for successful implementation and lasting impact. From my experience working alongside community partners, I believe this legislation will strengthen local efforts and provide needed structure and support without creating unnecessary burden.

I appreciate the Legislature’s attention to this issue and urge your support of HB 4022. Thank you for the opportunity to submit written testimony and for your continued commitment to serving Oregon communities.

Respectfully submitted,  
Breann Wright
