I'm asking as an Oregonian, please do not keep part of our kicker. We have been taxed so much that it's hard to make our bills every month. If this money is leftover, then don't we deserve to get some of OUR money back? It's time to think of the people of Oregon, and to stop mismanaging money and expecting us to come to the rescue. You can only take so much before we have nothing left to give. I speak for my family of four. I pray that you make the right decision.

Thank you
