Measure, Appointment or Topic: HB4153

Dear Legislators,

I'm a constituent who moved to Portland from the east coast 13 years ago. One of the main things that drew me to this area was the connection between the city and local farms. As a parent, I have so enjoyed having my son learn about where his food comes from by field trips to Sauvie Island farms, by U-picking berries in the summer, hay rides and pumpkin patch visits in the fall, and a U-cut Christmas tree in December. I know he is growing up understanding the connection between people and environment in a way that fosters care for our climate.

Please vote YES on House Bill 4153, the Farm Store Bill, to ensure Oregon continues to value the connection between small farms and communities.

Kindly,  
Sarah Wexler
