Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1590

I am in support of this bill that makes clear that if the federal government attempts to sell or privatize public lands, Oregon will not assist in that effort. Our forests, parks, monuments, and recreation areas are central to our way of life and to local economies across the state. SB 1590 affirms a simple principle: public lands should remain public, and decisions about their future should reflect Oregon values.
Thank you!

Kathy
