HB4145

Oregon is turning into the most unpopular state to live in. First the Gas Tax. Now let's raise fees and rules on our second amendment rights. This fee, tax, and spend mentality has to stop. We are losing our jobs and our way of life. We cannot go any further. Stop your abuse. You are ruining my state. I am a fourth generation Oregon. My family is buried in the Salem Pioneer Cemetery and help to build our wonderful state. Greater Idaho is looking awfully good. Please change directions and stop what you are doing!!!
