

Submitter: Mark Scantlebury  
On Behalf Of:  
Committee: House Committee On Revenue  
Measure, Appointment or Topic: HB4134

My wife and I are the kind of voters that support candidates who love and protect the environment and wildlife as much as we do. That's why I want to take this opportunity to strongly urge you to vote YES for HB 4134 - 1.25% for Wildlife Bill. This small increase in Oregon's statewide lodging tax will give the ODFW the sustainable source of funds to recover imperiled species and habitats, as well as enhance biodiversity. This will be a giant step in restoring Oregon to the state it was when my wife and I moved here in 1980.

If you support this critical legislation, we thank you!
