Committee:	House Committee On Revenue
Measure, Appointment or Topic:	HB4134

I support HB 4134. I am a resident of Yakima Washington, but I frequently visit Oregon, particularly the central and eastern Oregon high desert. My brother is a longtime resident of Salem Oregon, and I lived there myself for awhile in the late 1970's. Protecting the wildlife, the landscapes, and the character of central and eastern Oregon is dear to my heart. It's a wonderful place in our big world - precious and fragile and beautiful. Indeed it is an inspiring landscape. HB 4134 will provide a revenue stream to help responsibly manage Oregon's wildlife and landscapes. It is a MUST enact piece of legislation. Please support HB 4134. Thank you.
