House Committee On Revenue

Measure, Appointment or Topic:

HB4134

I love nature and want to see it protected. I feel that the small additional 1.25% tax on lodging will help our wildlife and lands. Since I retired, my wife & I have finished going to all of our National Parks and truly enjoy them. Oregon's State Parks are also very worthwhile. Even areas outside our parks are valuable to preserve and expand. So, I very much hope this bill passes!
