Measure, Appointment or Topic:

HB4145

Just stop with the tyrannical government.

You know this is against your oath to uphold the Oregon Constitution along with the US Constitution.

The US Constitution, The Second Amendment and the Oregon Constitution are clear on Firearms rights. Oregonians and Americans have the right to protect themselves and have the right to stand against oppression from our own government and any foreign adversaries.

Permit to purchase is a scheme.

You are wasting taxpayer time and money, again.

Measure 114 anything is a no.
