I believe that we have the funds to support 1.25 % to wildlife. If Oregon had a kicker this year we can also contribute to our wildlife. The forest and fauna are part of the beauty that brings people to our state for tourism and keeps the residents going to out to visit.

In a climate where the current administration is trying to strip our public lands and destroy wildlife I think it is important to step up and protect our state's wildlife.

Please vote to support this plan!!

Sincerely,

Susan
