

Submitter:	Margaret ORourke
On Behalf Of:	HB 4134
Committee:	House Committee On Revenue
Measure, Appointment or Topic:	HB4134

Hello,

My name is Margaret ORourke, DVM - a resident of Lincoln County, Oregon. I urge you to support HB 4134 to support wildlife and fish, habitats including invasive species control, and safe wildlife passages.

The tourists are going to come to our state no matter if this tax is passed or not. The residents of Oregon value our wildlife and wild places.

The forward-thinking leaders of decades past ensured our state would have natural places by establishing robust State Park and Natural Areas that are the envy of many people nationally and internationally. Please consider yourselves to be the leaders of the current time and do what's right - pass HB 4134.

I first came to Oregon 40 years ago. The beauty I cherished then is still present. Please continue this legacy by passing HB 4134. This is NOT a tax on your constituents but on the tourists who should pay for the beauty they come to visit.

Thank you,

Margaret O'Rourke, DVM
